

LEOPARD'S CHASESM
GOLF CLUB

March 1, 2007

Ocean Isle Beach, NC--The newest Big Cat to premier at Ocean Ridge Plantation® is Leopard's Chase Golf Club. The course is open to rave reviews and tee times are now available.

This may be golf course designer Tim Cate's crowning achievement and the ferocious "Top Cat" of the group. The creation of the large lakes, the mounding and the elevation changes on the naturally flat terrain is visually compelling. This 7,200-yard par-72 layout has many distinguishing characteristics. There are no parallel fairways adding to the aesthetic appeal of Leopard's. Incredible native landscaping, coquina rock, distinct views and creative yet challenging landing areas will surely please every golfer. The island green at the Par-3 fourth hole presents a changing landscape from each tee box you're playing from and all are equally delightful.

The well-known acclaim for all of the Big Cats has added to the reputation of golf at Ocean Ridge and the newest addition will certainly not disappoint!

For tee times, call 800.233.1801 or visit the website at www.big-cats.com
